PAYMENT OPTIONS

We gladly accept personal checks and money orders, or cash if paying in person.

If you know your exact total, please feel free to send payment with your order. If unsure, we will be happy to give you an exact cost by contacting us.

Though for years we have accepted all Credit/Debit cards, we no longer process these type of merchant payments, due to their high cost charging us close to a 5% transaction fee (sorry for any inconvenience).

These credit/debit card companies happily advertise various rebate programs, airline miles, and cash back incentives, but fail to disclose they will charge their merchant processors more than double that amount for allowing this payment option. Companies usually raise costs to compensate. We have decided to stop paying their fees.

Sincerely, James Leslie (Medialocks-Owner)

Please list here the title you would like printed on your new DVD(s).

If sending more than one tape, please number each 1,2,3 etc.

(If a commercial tape, or very clear, OK to leave blank)
